

Dear Friends and Colleagues,

During the last year, the [Confederation](#) has developed a "Current Practice in ORL-HNS" Seminars Program, which is branded under the name of "[Confederation Academy](#)" to outreach all practicing ENT colleagues.

We are now glad to announce the first [Academy Course on March 3rd and 4th, 2023 in Zagreb, Croatia](#). This educational course is tasked with improving and updating knowledge and skills among ORL-HNS residents and young specialists, aiding in their preparation for national and international exams. Besides improving ORL-HNS knowledge, the Academy's mission is to gather young people from all around Europe in a spirit of friendship and strengthening our professional ties.

Tomislav Baudoin, MD, PhD, FEBEORL-HNS (Hon)

Course Coordinator
